- i) Only the Prequalified Bidders whose contents of Envelope No. 2 have been declared acceptable and who have been declared Qualified Bidders by the Committee, shall proceed to the next stage of the Special Public Bidding, which is the opening of Envelope No. 3.

The Committee's decision on the declaration of Qualified Bidders is final and shall not give rise to any claim or challenge by the Bidders.

21. Opening of Envelope No. 3 and Award of the Successful Bid

21.1. Opening of Envelope No. 3

- a) The Committee or its designee, in the presence of the Project Director or its designee, will begin the opening of Envelope No. 3 and the Award of the Successful Bid, which will be made in the sequential order of the Projects in accordance with the provisions of paragraph 20.1 letter c). The ceremony will be carried out in the presence of a Notary Public, at the place and time indicated in the Official Communication.

- b) The Committee or its designee shall communicate the names of the Qualified Bidders who have passed the evaluation of Envelopes No. 2 of each Project and who, as a result, have been declared as Qualified Bidders. Subsequently, the score obtained by each Qualified Bidder in Envelope No. 2 will be reported.

The Committee or its designee will return the unopened Envelopes No. 3 to the Prequalified Bidders whose Envelope No. 2 has not been declared accepted.

Next, the Committee or its designee will request the Notary Public to open Envelopes No. 3 of the Qualified Bidders for each Project.

- c) Next, the Notary Public and PROINVERSIÓN's telecommunications projects team will review the contents of each of Envelopes No. 3. If any of the Technical Proposals contained in Envelope No. 3 does not comply with the requirements set forth in these Bidding Terms, such proposal shall not be considered a valid Technical Proposal, and the fact shall be recorded in the corresponding minutes. Otherwise, the Notary Public shall deliver Envelope No. 3 to the Committee or the person designated by it.
- d) Subsequently, the Committee or its designee shall announce the valid Technical Proposals in Envelope No. 3 for each Project, submitted in accordance with the provisions of Annex No. 9, and shall proceed to evaluate them according to the criteria and procedures established in the following paragraphs.

21.2. Evaluation of Envelope No. 3 and Competition Factors

- a) The Committee or the person it designates shall evaluate the documents in Envelope No. 3 in the order established in paragraph 20.1 letter c), based on the Competition Factors which, added to the score obtained from the evaluation of Envelope No. 2, shall determine the Qualified Bidder that obtains the highest Total Score as the successful bidder.
- b) The results of the evaluation of Envelope No. 3 shall be included in the minutes indicated in letter d) of paragraph 21.3. The Committee or its designee shall declare the Envelopes No. 3 accepted or not accepted, and the results shall be made public after the corresponding evaluation.
- c) The Technical Proposals contained in Envelope No. 3 will be evaluated, for both bands, by means of the following Competition Factor formula:

$$\left[\sum_{t=1}^2 \sum_{i=1}^4 A_{it} P_i \cdot \frac{1}{(1 + X\%)^{t-1}} \right]$$

Wherein:

t = Period of execution of the Technical Proposal (in years): $t = 1, 2$

A_i = Number of locations in each category: $i = 1, 2, 3, 4$; proposed in each year: $t = 1, 2$

P_i = Score of the locations of category i of the Technical Proposal

X = discount rate, $X = 8.2\%$

- d) For the evaluation of the Technical Proposals in Envelope No. 3, no minimum score is required.
- e) To the score obtained in the evaluation of the Technical Proposal in Envelope No. 2, the score obtained in the Technical Proposal in Envelope No. 3 shall be added to obtain the Total Score of each Bidder, which shall be rounded to four decimal places. The Qualified Bidder obtaining the highest Total Score shall be awarded each Project.
- f) In case there is a technical tie in the Total Score, defined as the existence of two or more higher proposals, which have obtained 23 points or less of difference between them in the case of the AWS-3 Band, or 7 points or less of difference in the case of the 2.3 GHz; the Committee will grant an additional period of thirty (30) minutes from the reading of the Total Score, in which the tied Qualified Bidders may submit only one tie-breaking Envelope (Form No. 3 in the case of the AWS-3 Band or Form No. 4 in the case of the 2.3 GHz Band, of Annex No. 9) containing an additional proposal to the one originally submitted according to the Competition Factor. This additional proposal will be evaluated with the same methodology of the Competition Factor applicable to Envelope No. 3.
- g) In the tiebreaker, the score obtained in the proposal of the tiebreaking Envelope (rounded to four decimal places) shall be added to the Total Score obtained according to letter e) above. The Qualified Bidder obtaining the highest score in such total and final summation shall be declared the Successful bidder of the Project.
- h) In the event that after submitting the proposals indicated in point g) above, the final scores are equal, the successful bid shall be awarded by drawing lots, directed by the Notary Public and in the same act, using for such purpose an urn with balls numbered from 1 to 10. The winner of the drawing will be the Qualified Bidder who withdraws the highest denomination ball.

Dear Sirs:

We hereby constitute and at the request of our clients, a joint and several, irrevocable, unconditional and automatic performance bond, without benefit of excussion or division, up to the amount of United States Dollars (US\$) in favor of PROINVERSIÓN to guarantee our sureties in the payment of such amount in any of the events indicated in the fourth paragraph of this letter of guarantee.

This bond shall be valid from the date of its submission and until (60) days from the date of its submission and shall become effective in case the corresponding Administrative Resolution declares the appeal for reconsideration presented by the Qualified Bidder unfounded or unjustified; likewise, in case the Qualified Bidder does not present the respective appeal against such Resolution within the term established in paragraph 22.1 of the Bidding Terms.

It is expressly understood by us that this bond may be executed by PROINVERSIÓN in accordance with the provisions of Article 1898 of the Peruvian Civil Code.

It is expressly agreed that in order for us to proceed to honor this bond, a simple request made through a notary public at our offices located at the address indicated below, and in which it is expressed that the challenge filed with respect to the Special Public Bidding for the execution of the process: Single Concession for the provision of Public Telecommunication Services and Assignment at the national level of the frequency ranges 1,750 - 1,780 MHz and 2,150 - 2,180 MHz and 2,300 - 2,330 MHz, will be sufficient, has been declared unfounded or inappropriate by the Board of Directors of PROINVERSIÓN; or, having obtained an agreement in that sense from the Committee, it was not appealed.

Any delay on our part in honoring the bond will give rise to the payment of compensatory interest in your favor, which will be calculated at the one-year LIBOR rate plus a 3.0% Spread.
